

# Be part of our global community of Top Employers

Several certification recognition options are available to ensure there's a path to Certification for organisations of different structures, sizes, and geographic footprints.

<sup>1</sup> Depending on the global number of employees working at your organisation, you can be eligible for the Large (employee number is between 2 500 and 50 000) or X-Large (employee number is higher than 50 000) Enterprise Certification.
